AABC MOAA MEETING MINUTES

11 April 2015

9. INTRODUCTION OF GUEST SPEAKER – John Toth

Speaker: LT John Kimmel, USN
Currently Assistant Professor of Naval Science at CU

Topic: United States Navy: America's Navy

Introduction, personal experience

Prior Sea Duty assignments

- *USS Mitscher* - Mission area: Anti-piracy, anti-smuggling CTF operations (coalition/US Fifth Fleet partnership)
- *USS Arleigh Burke* Mission area: Anti-piracy, anti-smuggling US Sixth Fleet, AFRICOM support

Overview

Mission: Navy conducts forward operations around the world in support of national strategic objectives.

- Ensure access to overseas regions
- Defend key interests
- Protect citizens abroad
- Prevent adversaries from leveraging oceans and waterways against the United States and our allies
- Control the “all-domain access” area: cyber-, space- and future-battlegrounds

Execution: Strengthen alliances and partnerships; coalition-building (region by region)

CU NROTC's contribution to the end goal: Midshipmen

- 4-year scholarship option
- 2 to 3-year option for those not initially selected
- Engineering majors heavily valued and encouraged
- If physically qualified, will enter service as “unrestricted line” officers: Surface Warfare Officer (SWO), Nuclear power officer (submarines or nuclear carriers), Aviators (pilot/Naval flight officer), special operations (EOD)/special warfare (SEAL).
- If not physically qualified, may still serve in restricted line or staff corps (Supply, Civil Engineering/SeaBees, Intel, etc).

- **THANKS TO SPEAKER – Dick Smith**

10. - MEETING CLOSE
